America is in this war to the last ounce of energy, the last dollar, the last man, this means "woman," too the bravest and truest soldier of us all. To maintain the cheer and comfort of the home, to make the home table inviting, to keep her family physically "fit" this is woman's strenuous and vital task. We are gratified to feel that Mohican Pure Foods materially lighten this weighty burden.

AN IMPORTANT ANNOUNCEMENT!

OUR ANNUAL FACTORY END SALE

WILL BEGIN THIS MORNING

THIS Big Annual Sale is looked forward to, and taken advantage of, by thousands of prudent people throughout Eastern Connecticut. Our two page advertisement in yesterday's Bulletin contains a partial list of the special values, but to appreciate the full extent of the sale you should visit the store.

THIS ANNUAL SALE IS MORE IMPORTANT THAN EVER BEFORE

WING to existing market conditions this sale will be more important than ever before. For several months we have been planning for this event, corresponding with and visiting manufacturers, with the result that we have secured the best values and the largest lot of Factory Ends that we have ever presented.

MORNING SPECIAL VALUES

IN URING the morning hours—8.15 to 12—we will offer a strong list of special values. This list of special morning offerings includes some of the best values in the store, but in most instances the quantities are such that we cannot guarantee them to last beyond the morning hours. If you would profit by these remarkable MORNING SPECIALS be on hand this morning from 8.15 to 12.

ries covered, and on comments of the trian newspapers were at the disposal daily press and leading economic and of the Bureau of Labor Statistics, trade journals of these countries.

In general the survey shows that forcement and the practical result of their application were available. Turkey is actually starving because of the corruption of her own officials and the greed of Germany; that Germany and Austria are not starving but are having a very hard struggle to feed themselves; that Hungary is in better shape than either Germany or Austria, and that Buigaria so far as food is concerned a suffering the least of all the countries covered. The least of all the countries covered. tilled by a wide margin to live up to each country covered was arranged in to her reputation for efficiency in her attempts at food administration havattempts at food administration having been obliged to reverse her policies in an effort to remedy in part the fatal results of official blunders. It shows conclusively that the civil populations of Germany and Austria are suffering permanent physical deterioration from lack of proper food, that the death rate from tuberculosis is rapidly increasing, that growing boys and girls are not getting half the nourishment they should have, and that manual laborers are being underfed to about the same extent.

he same extent. the same extent.

Politically, the most interesting thing revealed by the survey is the fact that the traditional batrêd between the two parts of the dual monarchy Austria-Humary has been manifesting itself in the refusal of Humary to share her comparative abundance with Austria and in the official and public resolution of that fact in

their application were available from organs of all political parties, thus representing every point of view. Maerial relating to the food situation in Hungary Bulgaria and Turkey was nuch scarcer. Those parts of the sulletin which cover the food situation in these three countries are therefore as comprehensive than the parts less comprehensive than the parts covering Germany and Austria. As far as it was possible the material for tion in 1917, or both; this is followed by an outline of the food policy for the 1918 harvest reports, food orders relating to individual foodstuffs, comments on and criticism of these orders and their practical application, data on the supply and prices of individua foodstuffs and their rationing, illegal procuring of food, food-card systems, measures for cheapening the food for the poorer classes, and the effect of the food shortage on the health of the civilian population.

The Federal Land Band.

The Federal Land Bank of Springfield reports a total of 3572 applicafor an aggregate amount of \$10,897,-253. The distribution of the applicaance with Anstria and in the cilical and public resentment of that fact in the latter country.

Profiteering greed, breakdown of transportation, and faulty organization are big factors in the food situation of Germany and her filzes.

Many original articles on the food situation in leading German and Aus-
